

# About XSoft®

XSoft® is an innovative technology company focused on government financial software solutions and consulting services. The company was formed in January 2006 with one goal in mind; *providing local governmental agencies with a dynamic alternative to the traditional assessment software solutions available.*

XSoft® employees have worked in State and Local government, from local tax offices to state oversight agencies; we understand the complexities our local government clients face on a daily basis.

Since forming in 2006, XSoft® has focused 100% of our efforts on our CAMA and Tax client base. We see ourselves as partners with our clients, working together to generate fair and equitable assessments in the most effective and efficient manner. *We feel that the solution is simple; provide a superior product with superior service.*

## Why Choose XSoft®?

- **Fully Integrated Property Tax Solution**
  - XSoft CAMA™
  - XSoft Tax™
- **Unparalleled Customer Service**
  - Real Support - 24/7
  - High Level Software Maintenance
  - Superb Training
  - Online Access to Data

### MISSION

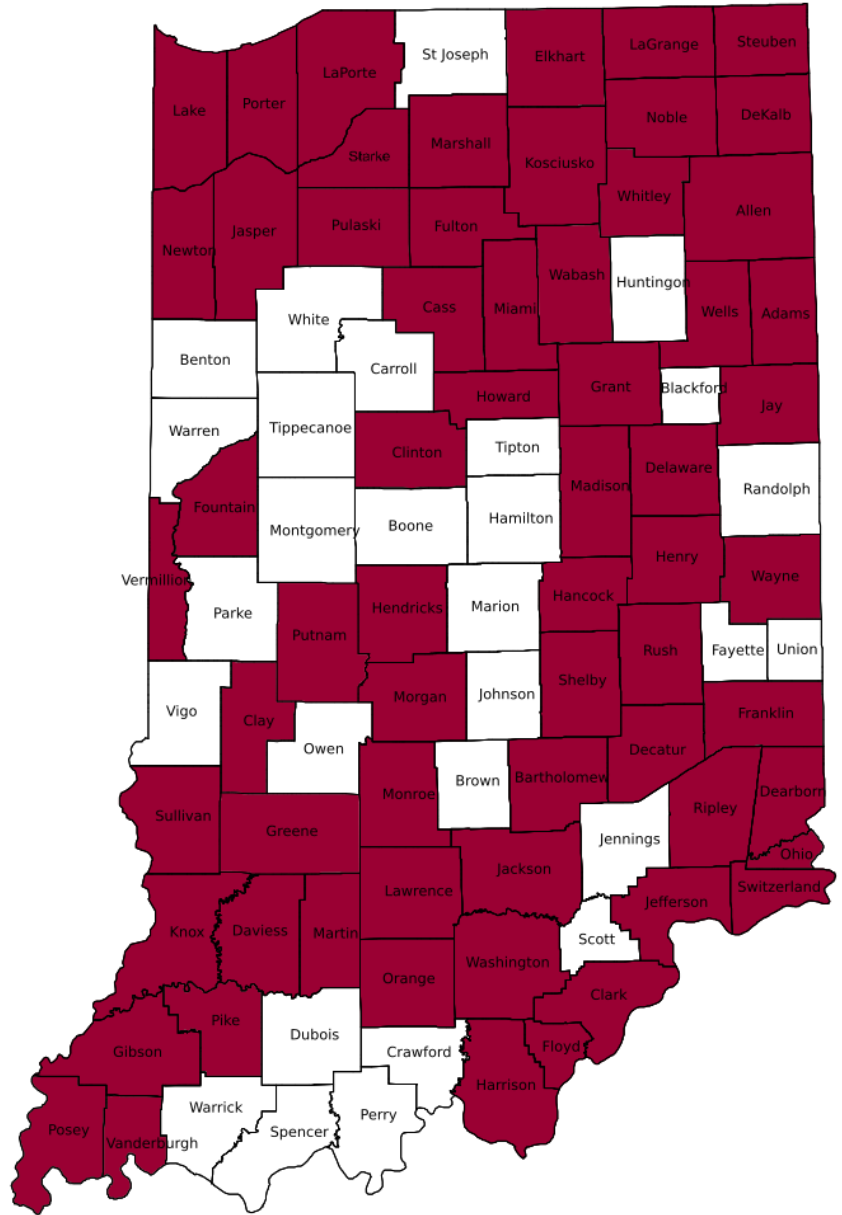

*We partner with our clients to deliver government financial solutions, which generate fair and equitable assessments, on-time tax bills, and collection/distribution of funds through the effective and efficient use of CAMA and Tax software.*

*"XSoft® strives to provide the most accurate, up to date software on the market. Their service also reflects their continued commitment of excellence to their clients."*

Assessor - Judy Sharp - Monroe County, Indiana

**A solid foundation of clients allows us to expand our software and our geography, come grow with us!**

As the leading provider of CAMA software for Indiana Assessors, XSoft® is currently providing top of the line software and unparalleled support to 64 of 92 Indiana counties. Since 2006 we have focused on valuation software. With the success we have had with our Indiana CAMA product and at the request of numerous county officials, we have decided to expand our geography and our product line to include Tax Billing and Tax Collection software, bringing the same quality of software and level of support that our current XSoft CAMA™ clients have enjoyed for the past 12 years. The result is a fully integrated government financial software solution that truly meets the needs of your local agency.

- **Proven Experience;** XSoft® is the leading provider of CAMA software in the State of Indiana with an unprecedented 2/3 of the counties in the State using XSoft CAMA™ for their tax assessment needs.
- **Skilled Team;** XSoft® employees have numerous years' experience working in state and local government, from local tax offices to state oversight agencies; we understand the complexities our local government clients face every day.
- **Unified Solution;** XSoft® provides fully integrated CAMA and Tax products for valuation, billing, collection, and distribution.
